- ❁ Do you want your property to be more sustainable?
- ❁ Do you want to eliminate the use of chemicals?
- ❁ Do you want to eliminate the use of potable water?
- ❁ Do you want to minimize the amount of effort to maintain your property?
- ❁ Do you want to do your part for nature?
- ❁ Do you want to attract butterflies, hummingbirds, and other beneficial wildlife?
- ❁ Do you want your property to look beautiful?
- ❁ Do you want to save money on your landscaping?

Whether your property's soil is clay or sand, wet or dry; whether you have full sun or shade, you achieve all these goals using sound ecological principles, native plants, and aesthetic landscape designs.

The presentation is free, and open to the public. Donations always welcome to help bring in more fantastic speakers!
