

# Hummingbirds!

Presented by Allen Chartier

Wednesday, March 5, 2014

7:30pm – 9:00pm

The Birdfeeder & Clarkston Flower Shoppe  
7150 North Main Street  
Clarkston

The Great Lakes HummerNet is a research project, initiated in Autumn 2001 by Project Director Allen Chartier. It is designed to learn more about hummingbirds in Michigan, Ohio, and northern Indiana by enlisting the help of volunteer observers throughout the region. Data is gathered through observation as well as banding studies.

This presentation will describe the research objectives of the project, tell you how you can participate, provide helpful hints on how to attract and feed hummingbirds, provide hummingbird gardening tips, and review what has been learned so far.

The presentation is free, and open to the public. Donations always welcome to help bring in more fantastic speakers!
